CASE NO. 8320

O R D E R

On February 8, 1982, Beckley Station Disposal Systems, Inc., ("Beckley Station") by counsel, filed its Motion to Postpone Hearing in the above case. Beckley Station, in its Motion, suggests that, in order to promote efficiency and to avoid duplication of effort, the issue raised by Finding No. 8 in the Commission's Order entered December 21, 1981, can be combined with a future request for a rate increase and can be dealt with in the same hearing, and that it is not essential that the issue be heard at the present time. In the alternative, Beckley Station requests an extension of time during which it may submit the proof required by the Commission's Order entered January 19, 1982.

The Commission, having considered the Motion and being advised, finds that the Motion should be treated as a request to withdraw the Petition for Rehearing and/or Modification of Order filed January 11, 1982, provided that Beckley Station not be prejudiced from offering proof in a future proceeding with respect to the matters noted in Finding No. 8 of the Commission's Order entered December 21, 1981.

IT IS THEREFORE ORDERED That the Motion of Beckley Station Disposal Systems, Inc., be and it hereby is sustained to the extent that the Commission hereby grants the request to withdraw the Petition for Rehearing and/or Modification of Order without prejudice to Beckley Station Disposal Systems, Inc., raising the issue in Finding No. 8 of the Commission's Order entered December 21, 1981, in a future rate proceeding.

IT IS FURTHER ORDERED That the hearing in this case scheduled February 11, 1982, at 9:00 a.m., be and it hereby is cancelled.

Done at Frankfort, Kentucky, this 11th day of February, 1982.
